

To Whom It May Concern

Subject: Declaration of Conformity

Food Contact Materials (Danish FKM – English FCM)

CONFIRMATION

EG 1935/2004
EG 2023/2006

Declaration of FDA materials:

Silicone sheets and silicone profiles (solid) in the following hardness: 40, 50, 60, and 70 Sh.a.

All components, which are used for the production of FDA materials in transparent, blue, red (iron, oxide), white, and black, have been approved according to FDA 21 CFR 177,2600.

scansteel foodtech sells materials in accordance with the FDA guidelines in 21 CFR 177,600. The manufactured materials have been tested and comply with all tests in 21 CFR 17,2600 (d) to (h). As stated in 21 CFR 177,2600, it is recommended that the manufactured material is thoroughly cleaned prior to use or prior to contact with food.

These materials have also been tested and comply with the demands in BFR XV.

Best regards
